

# Contract Cabinet Installer

## Warehouse - Remote

---

BKC Kitchen and Bath of Colorado is an award-winning kitchen and bath design showroom specializing in cabinetry, countertops, and related accessories. With over 45 years in business, we are one of the leading cabinetry suppliers in the Denver metro area.

Our goal is to provide a consistent flow of installation work to a limited number of great installers. We strive to make your job as smooth as possible: our experienced designers provide detailed plans, and they will work with you to identify potential issues before you get on site.

In this position, you will be responsible for installing mid-to-high-end cabinetry in customers' homes. This is a contract position, and you will provide your own tools, transportation, etc.

### Key aspects

- Install custom cabinetry in customers' homes with a high degree of precision and accuracy.
- Read and follow installation plans provided by BKC.
- Work with BKC designers to resolve issues that are not clear from the plans.
- Warranty your work for a period of one year.
- Install appliance panels.
- Do installations in Downtown apartments coordinating with the building managers.
- Provide excellent customer service to the customers who may be present during the installation.

### Insurance Requirements

- General liability, \$1m/ occurrence, \$2m aggregate, \$1m products completed. We need to be named.
- Auto insurance: \$300k. We need to be named.
- Workers' comp (only if NOT an independent contractor): \$500k Employer's liability.
